Program of the Kick-Off Meeting of
ANR Project **FREDDA**
(FoRmal mEthods for the Design of Distributed Algorithms)

**Date:** Thursday 11th January 2018  
**Location:** IRIF, Bâtiment Sophie Germain, Room 1013

- 10h10 - Presentation of project FREDDA - Arnaud Sangnier (IRIF)
- 10h20 - On the renaming problem - Corentin Travers (LaBRI)
- 11h00 - Research perspective I LSV-IRIF - Benedikt Bollig (LSV)
- 11h15 - Robustness in concurrent systems - Ahmed Bouajjani (IRIF)
- 12h00 - Lunch Break
- 13h30 - Degrading Consensus in Unstable Times - Matthias Fugger (LSV)
- 14h10 - Research perspective II IRIF - Arnaud Sangnier (IRIF)
- 14h25 - On decision problems in distributed systems - Pierre Fraigniaud (IRIF)
- 15h05 - Pause
- 15h20 - On verifying consensus within the heard-of-model - Anca Muscholl (LaBRI)
- 16h00 - Gossiping in message-passing systems - Benedikt Bollig (LSV)
- 16h40 - Discussion
