CONTENTS

Preface ix

1 Sets and functions 1
1.1 Sets 1
1.2 Functions 4
1.3 Cardinals 7
1.4 Operations and relations 9

2 Ordered sets 17
2.1 Order and preorder relations 17
2.2 Ordered sets 20
2.3 Upper and lower bounds 22
2.4 Well-ordered sets and induction 25
2.5 Complete sets and lattices 27

3 Recursion and induction 35
3.1 Reasoning by induction in $\mathbb{N}$ 36
3.2 Inductive definitions and proofs by structural induction 40
3.3 Terms 45
3.4 Closure operations 52

4 Boolean algebras 57
4.1 Boolean algebras 57
4.2 Boolean rings 61
4.3 The Boolean functions 64

5 Logic 67
5.1 Remarks on mathematical reasoning 68
5.2 Propositional calculus 70
5.3 First order predicate calculus 83
5.4 Herbrand's theorem and consequences 95

6 Combinatorial algebra 107
6.1 Basics 107
6.2 Applications: counting techniques for finite sets 112
6.3 Counting sequences and partitions 118

7 Recurrences 121
7.1 Introduction: examples, generalities 122
7.2 Linear recurrences 127
7.3 Other recurrence relations 141
7.4 Complements and examples 143

8 Generating series 148
8.1 Generalities 149
8.2 Applications of generating series to recurrences 161

9 Asymptotic behaviour 170
9.1 Generalities 170
9.2 Criteria of asymptotic behaviour of functions 174

10 Graphs and trees 183
10.1 Graphs 183
10.2 Trees and rooted trees 197

11 Rational languages and finite automata 203
11.1 The free monoid 204
11.2 Regular languages 206
11.3 Finite automata 208
11.4 Equation systems 219

12 Discrete probabilities 226
12.1 Generalities 227
12.2 Probability spaces 229
12.3 Conditional probabilities and independent events 232
12.4 Random variables 241
12.5 Generating functions 253
12.6 Common probability distributions 255

13 Finite Markov chains 261
13.1 Introduction 261
13.2 Generalities 262
13.3 Classification of states 268

14 Applications and examples 280
14.1 Quicksort 281

14.2 Euclid's algorithm 288
14.3 Proofs of program properties and termination 293

15 Answers to exercises 301
Chapter 1 301
Chapter 2 309
Chapter 3 314
Chapter 4 321
Chapter 5 326
Chapter 6 334
Chapter 7 340
Chapter 8 345
Chapter 9 353
Chapter 10 356
Chapter 11 362
Chapter 12 370
Chapter 13 383
Chapter 14 393

Index 397
